Welcome to the Volvo Club of British Columbia

The Volvo Club of British Columbia is a growing group of approximately 300 members dedicated to the restoration, preservation, safe operation and enjoyment of Volvos both old and new.

Founded in May 1992, the V.C.B.C. is a nonprofit association managed by a group of four directors, who combine their automotive knowledge and enthusiasm to organize a variety of club events. V.C.B.C. holds, show and shines, picnics, drives, technical sessions, suppers, weekend Volvo meets and participates in events with Volvo clubs in Washington and Oregon.

Club benefits include a membership card which entitles members to parts discounts at Volvo Dealerships and a variety of B.C. companies listed in our newsletter. At our annual Cates Park Picnic we hold our Annual General Meeting and encourage members to contribute food donations which we give to a lower mainland Food Bank.

We welcome input from our club members and encourage submissions to our newsletter which is published 3 times per year. Members can place classified ads in the newsletter at no charge.
