VOLVO PV OWNERS (210, 444, 445, 544) - PASS THE WORD TO ALL PV ENTHUSIASTS ABOUT

VOLVO PV FEST

July 15-17, 2005

Bellingham, Washington

(PV Fest is supported by the Volvo clubs of British Columbia and Washington)

The Origin of PV Fest

In 2002 Steve Hutchens and his wife Celia drove their 1964 PV544 from Bellingham to Creston, BC, along beautiful BC Hwy 3, turned south to Sand Point, ID, then returned home on WA Hwy 20. The driving was fantastic, and everywhere they stopped people had something to say about PVs. Last summer in Osoyoos with VCBC, they had the same experience. The PV Fest concept formed on the way home from Osoyoos as the two of them talked about how much fun it would be to have a group of PVs on tour. Soon they discovered the same enthusiasm among other PV owners.

The Goals of PV Fest

Let's get together as many PVs as possible. Join us for a weekend of driving, socializing, dining, and immersion in PVs. Pass the word to other PV enthusiasts. We'll take a group picture of all the PVs. If your PV isn't currently running, what better incentive to get it on the road than the PV Fest.

Planned PV Activities

PV Fest begins at 6 PM Friday evening, July 15, in beautiful Bellingham, only 50 miles south of Vancouver and 100 miles north of Seattle. Activities planned include:

- A Friday evening picnic at a nearby park to get acquainted.
- Participants will have a choice of camping out or staying in nearby accommodations.
- Saturday morning breakfast at a convenient restaurant.
- A Saturday morning tour of approximately 75 miles, with a stop for R&R and lunch.
- The Saturday afternoon tour will explore still more scenic roads back to Bellingham.
- Saturday evening will feature a happy hour, then dinner. Bring your PV picture collection and PV memorabilia for the informal program. We'll have a PV trivia contest and a presentation of PV awards.
- Sunday begins with breakfast followed by a shorter scenic tour and ends in Fairhaven for lunch.
- PV Fest concludes Sunday afternoon with a really informal "Show 'n Shine" and a last opportunity for socializing, ending in time for you to have a leisurely drive home.

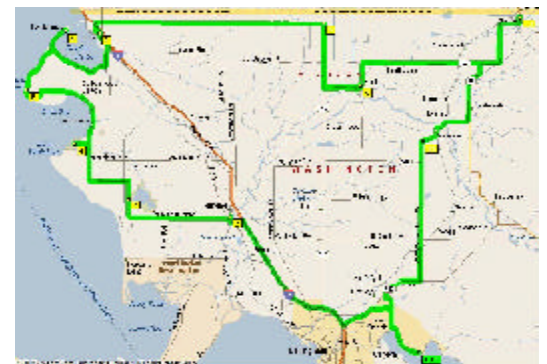

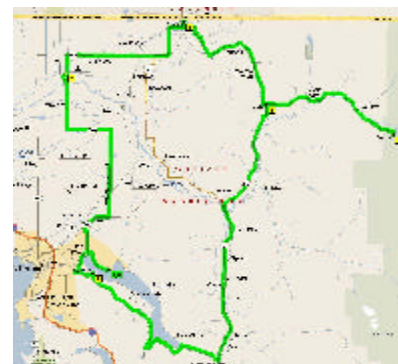

Flexible PV Participation

PV Fest is structured to recognize that busy schedules may not allow for a full weekend away from home. Activities are structured so you can participate Friday evening and/or Saturday and/or Sunday.

- ◆ Come Friday evening for the picnic.
- ◆ Join us Saturday morning for breakfast and the tour.
- ◆ Come Saturday evening for dinner and the PV celebration.
- ◆ Come Sunday morning for breakfast and the tour.
- ◆ Join us Sunday for lunch and the PV Show 'n Shine.
- ◆ Above all, join us sometime. PV Fest is about celebrating the joy of owning and driving Volvo PVs!

Where Are We Driving Our PVs?

We'll drive our PVs over some of the most scenic back roads in Northwest Washington. Our routes through the local countryside will likely include such favorites as the Mt. Baker Road, Mosquito Valley Road, and Chuckanut Drive. Mountain vistas and ocean overlooks will add to the pleasure as we enjoy these drive's roads in our PVs. It won't be all driving - there'll be interesting places to stop along the way, with opportunities for short walks and perhaps even a bit of shopping.

For more information on PV Fest, please contact Steve Hutchens, 2090 N. Shore Rd, Bellingham, WA 98226-7864; Phone: 360-733-3568; Email: sphutchens@yahoo.com; Website: www.creighton.edu/~hutchens/cars/volvo.html

For more information on PV Fest, please contact Steve Hutchens, 2090 N. Shore Rd, Bellingham, WA 98226-7864; Phone: 360-733-3568; Email: sphutchens@yahoo.com; Visit the PV Fest Website (updated as information becomes available): www.creighton.edu/~hutchens/cars/volvo.html (the "~" is a tilde, usually found to the left of the "1/!" key on your keyboard).

Is your PV ready for PV Fest? There's still time!

If your PV needs a bit of work to get it ready for PV Fest, now is the time to get started. We want to emphasize strongly that the objective is to have your PV here. PV Fest isn't about show cars. It's about owning, driving, and enjoying PVs. Place your emphasis on getting your PV road-ready, not spit polished. This is Bellingham, not Pebble Beach. Fix anything that needs fixing for reliability and drive (or even tow) your PV to PV Fest!

Give me a bath!

Call now for parts!

Still time for paint!

I need a tune-up!
